~The Number Games:  
Tiny's Think Tank: Level K

~Numberopolis: Carnival  
Stories: Level R

~Country Countdown:  
White Water Graphing:  
Level E

You might notice a little more "math" coming home for homework. Mrs. Penzien is also teaching a math unit on Measurement for science at this time. Mrs. Penzien will also be putting math grades into the math sections of the grade book. Her things will be labeled Unit 5 like 5.1 or 5.2, Unit 5 Quick Quiz. The Assessment will also be under Unit 5. We are working together to make it as understandable as possible.

The Skyward Gradebook are new to all of us this year. It does not give a letter grade like social studies or science but O, S, N and U for Work Ethic. Work Ethic is made up of three components: Participation, Daily Work and Quizzes. These are the things you see on the report card besides the Assessment grade. These are also the things that you can see anytime on Skyward to see how your child is doing. Are they handing in their nightly homework? How successful are they on it? The homework is given a score of 0-3.

0 means no homework was turned in.

1 means incomplete or poorly done (no work show).

2 means I got a lot done, showed most of my work, but not quite there.

3 means I read the directions, completed all the work, showed my work and really put 100% effort into it. (I didn't have to get them all right though)

O=90-100

S=75-89

N=60-74

U=59 and below

## HOMEWORK! HOMEWORK! HOMEWORK!

I have been getting some questions about homework and help. Your child can bring their math binder home each night. It is important they return in the next day or they will not have their sheets to work with. If they don't bring binder home, you can access class worksheets on Think Central. Things to Do tab, Student Activity Book, use Table of Content button at top to easily find lesson we are on. ALL things are talked about in class before assigned for homework.

Thank you for all your support at home and if you ever have a question or concern to email me at anytime!!

## Coming up next week.....

Monday 3/2	4.8 Solve Multi Step Problems	Homework 4.8
Tuesday 3/3	4.9 Practice w/ Multi Step Problems	Homework 4.9
Wednesday 3/4	Quick Quiz 4.3 & Fluency 11	NO Homework
Thursday 3/5	Remembering & Review	NO Homework
Friday 3/6	4.10 Factors & Prime Numbers	Homework 4.10
